

Brett Kissel Announces Alberta Dates as finale for Part 2 of Historic We Were That Song Tour

Brett Kissel is coming home to round out Part 2 of his historic “We Were That Song” tour currently underway across Canada (see full list of dates below).

The most comprehensive tour in Canadian Country music history has already seen Kissel perform 50+ shows across Canada from January to March of this year, but fans in communities reached out and wanted more! Now, for the first time in recent memory, a Canadian tour will be truly “Nationwide”, with every province and every territory hosting a Brett Kissel concert, all adding up to over 100 shows!

“My goal for this tour was to play for as many fans as possible. I was so thankful with the response my team got from cities and towns across Canada. Unfortunately, we just didn’t have enough time to fit all the dates into my schedule,” said Kissel. “I told my agent ‘we just have to organize Part 2 of this tour for the Fall’ so we can hit all the spots we missed in the first quarter of 2018. It seems like we’ve now made this one of, if not the most extensive tours in Canadian music history!”

Brett received the CIMA Road Gold Award for Part 1 of the Canadian tour earlier this year, recognizing a high level of achievement during a touring period, which sits on Kissel’s mantle beside his most recent gold single, “Cool With That”, which was certified Gold while on tour.

Recently, Brett released his new single “Guitars and Gasoline” to country radio, with an entertaining music video released to YouTube (<https://youtu.be/mWeYcbK0wtw>) which was captured entirely during the We Were That Song Tour Part 1.

Country newcomer Dan Davidson, who joined Brett on the road for many of his tour dates earlier this year, will join Kissel again as a special guest on select dates on Part 2.

Tickets for the additional Alberta dates go on sale Thursday, October 4th at 10am local in all markets. Visit tour.brettkissel.com or www.brettkissel.com for more ticket information.
